

Using Berean Builders Science with *The Mystery of History*

There is no perfect way to synchronize Berean Builders science with a history course, because of the way science progressed. Nevertheless, if you are trying to make your study of science consistent with *The Mystery of History*, here is how the timeline in Berean Builders science roughly compares to what is found there.

Volume 1

- Lesson 1: All of *Science in the Beginning*
- Lesson 2-57: Earlier than anything in *Science in the Ancient World*
- Lessons 58-78: Lessons 1-15 in *Science in the Ancient World*
- Lessons 79-108: Lessons 16-30 in *Science in the Ancient World*

Volume 2

- Lessons 1-21: Lessons 31-45 in *Science in the Ancient World*
- Lessons 22-75: Lessons 46-60 in *Science in the Ancient World*
- Lessons 76-84: Lessons 46-67 in *Science in the Ancient World*

Volume 3

- Lessons 1-34: Lessons 68-90 in *Science in the Ancient World*
- Lessons 35-42: Lessons 1-21 in *Science in the Scientific Revolution*
- Lessons 43-63: Lessons 22-42 in *Science in the Scientific Revolution*
- Lessons 64-68: Lessons 43-52 in *Science in the Scientific Revolution*
- Lessons 69-74: Lessons 53-67 in *Science in the Scientific Revolution*
- Lessons 75-80: Lessons 68-90 in *Science in the Scientific Revolution*
- Lessons 81-84: Lessons 1-3 in *Science in the Age of Reason*

Volume 4

- Lessons 1-5: Lessons 4-18 in *Science in the Age of Reason*
- Lessons 6-8: Lessons 19-30 in *Science in the Age of Reason*
- Lessons 9-10: Lessons 31-46 in *Science in the Age of Reason*
- Lessons 11-12: Lessons 47-60 in *Science in the Age of Reason*
- Lesson 13: Lessons 61-67 in *Science in the Age of Reason*
- Lessons 14-15: Lessons 68-90 in *Science in the Age of Reason*
- Lessons 16-45: All lessons in *Science in the Industrial Age*
- Lessons 46-84: Not covered

I would not recommend actually covering science so that it synchronizes with *The Mystery of History*, because too much is covered in the early years and not enough is covered in the later years. However, if you start *Science in the Beginning* with year 1 of *The Mystery of History* and then just cover one book each year, your science will be behind your history for most of the time. As a result, you will be mostly reviewing the history you learned previously as you study science.

If you would like to complete the entire science series within the four-year span of *The Mystery of History*, you will need to cover 113 lessons in Berean Builders science each year. That's a full book plus 23 lessons of the next book. While this sounds like a lot, remember that you can skip the "challenge lessons," of which there are 18 per year. If you skip the "challenge" lessons, then, you will be covering only a bit more than 90 lessons per year. In this scenario, your science will always be behind your history, so you will always be reviewing history in science.
